Hard Fought Case.

Since Friday forenoon the case of the State vs. Harden and Estel Hancock charging assault and battery has been on trial before U. F. Lewis, who is sitting as special judge. There has been an array of legal talent on each side and every point has been stubbornly contested. Argument has consumed most of the time today. Numerous witnesses were examined yesterday. Prosecutor Murphy, O. O. Swails and C. H. Rutherford appeared for the state and J. H. Kamman and W. T. Branaman for the defense.

LATER.—At the conclusion of the argument the court received the evidence and found the defendant not guilty.

PROF. MONTGOMERY

For the Fifteenth Time He Has Been Chosen Superintendent of Seymour Schools.

Prof. H. C. Montgomery, born and reared in Jackson County, is a typical pedagogical personage, and truly he has all of the traits of character which conform to the making of an educational enthusiast. Not of the much abused Ichabod Crane type, he has beyond a doubt chosen well his profession in the line of school work and has at all times proved himself worthy of his several positions in this connection.

Mr. Montgomery was born on May 31, 1857 in Redding Township about four miles northeast of Seymour. He was the son of Theophilus W. Montgomery and one of a family of six children.

PROF. H. C. MONTGOMERY.

At the age of nine he started to school and continued his studies at the country schoolhouse until he was seventeen years old. When school was not in session he was content to live the simple life of the boy on the farm, happy just to be close to nature and her beauties, to wander along the banks of the brooks and revel in the mysteries and ever increasing wonders of the woods with the birds and the breezes. At this time he was acquiring an education such as we cannot gather from books, and such knowledge is an invaluable, and the only, means to the development of the widest intellect.

In 1874 he left the farm and went to Butler College, where he took a preparatory course. After two years work there he went to Hanover and took a three years collegiate course. Here he took the Bachelor's degree, after which he went to Ann Arbor where he took a post-graduate course for two years and attained the Master's degree and received a special diploma in science and art of teaching. Leaving that place he came to Seymour and for three years held the position of assistant principal in the High School. He resigned this and after two years absence he returned as principal and was such until his resignation after two years. In 1892 he was elected to position of Superintendent of the Public Schools of Seymour after the resignation of Prof. Wood, and has held the position for fourteen consecutive years, having just received the appointment for the fifteenth year.

Mr. Montgomery is of a very deliberate temperament, that being one of his chief characteristics. He goes about everything in a careful, painstaking manner, almost sure to accomplish the attempted project. It was largely through his perseverance and influence that Seymour is fortunate enough to possess the Carnegie Library. Not only this, but also he was instrumental in securing new books for our old library, spending much of his time in preparing for entertainments to be given for the benefit of that institution. His effectual labors in behalf of our citizens to secure our new building should always be held fresh in the memory of the beneficiaries.

From the time Mr. Montgomery was first connected with the High School until now the number of teachers and pupils has doubled. Since then the attendance at the High School department has increased from about twenty to one hundred thirty. The majority of the graduates have been his pupils and with all he has worked with patience and forbearance. Mr. Montgomery has planned a course of study for the High School which has enabled many of our graduates to successfully pass the entrance examinations to our state universities and other colleges where they take high rank. He has worked with a will, and not in vain, to raise the standard of our schools.

The course of study arranged by Prof. Montgomery is one of the best in the state and has been taken by other school men as a model. Among the school men of the state Prof. Montgomery takes high rank and at the state educational meetings his conservative counsel and judgment count for much.

Mr. Montgomery was married on June 27, 1888 to Jennie Swope, of Crothersville, at that place. To them five sons have been born, namely, Frank, Colter, Kenneth, Allen and Henry. His home is on North Walnut Street. He is a member of the Knights of Pythias, of Odd Fellows and Elks and is in excellent standing with all three. He is an active member of the Presbyterian church.

FREETOWN

Mrs. George F. Huber, and family wish to thank their friends for their many acts of kindness to them during the sickness and death of their beloved husband and father George Huber.

George F. Huber was born in Londonville Ohio in 1848. He came to this state with his parents Mr. & Mrs. Michael Huber when he was a small boy about six years old. He had resided here ever since. He was united in marriage to Margaret George in 1871. To this union were born five children, one son and four daughters. James M., Rexie, Lulu, Mrs. George Wiley and Mrs. Albert Spaulding. Mr. Huber was a sufferer from rheumatism for several months previous to his death. He died Tuesday morning April 18th at 2:30 o'clock. He was a well known and respected citizen as was shown by the very large funeral it being one of the largest ever held here. The funeral services were conducted from the residence at 2:30 p. m. Wednesday by Rev. Jacob White of Surprise, Interment at the old cemetery. Besides his children he leaves a widow father, several brothers and sisters and a host of friends to mourn their loss. The family have the sympathy of their many friends in their sad bereavement.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by C. W. Milhous.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube be restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

PRUDENTIAL MEN.

Seymour Staff Leads The District Again.

The Prudential agents and superintendents met in Seymour again Saturday for their regular monthly banquet which was served at the New Lynn hotel. This banquet is held each month in the town whose team writes the most new business for the month. Last month the banquet was held in Seymour, and again this month, so that the Seymour staff justly feels proud of its success in two successive months.

The out-of-town Prudential men were: R. R. Kirk, Columbus, Geo. L. Attkisson, Madison, D. A. Sutherland, Columbus, J. H. Hammond, Franklin, A. H. Schnalter, Shelbyville, J. A. Lisenby, Scottsburg, W. W. Hays, Brownstown, Will Johnson St. Louis. The Seymour staff are Mark Williams, superintendent, E. H. Hays, J. E. McKinney, Geo. D. Price, W. B. Stearns, W. W. Hays. The guests of the Prudential were: Rev. Geo. D. Wolfe, of Columbus, Dr. L. B. Hill, examining physician, and Jay C. Smith of the REPUBLICAN. Mr. Williams and his staff are to be congratulated on their success for the Prudential.

First Organ In Seymour.

The last hymn to be sung at the services, which will be held at the Presbyterian Church Sunday in honor of the fiftyth anniversary, will be played on the small organ, which was used in the church when it was first organized. The melodeon was the first to be used in Jackson County and is constructed with peculiar workmanship, some parts being whittled out by hand. An effort is being made to make these services as interesting as possible and the idea is to get many former members of the congregation awakened to their duty. The ladies of the church have been kept busy the past day or two decorating the church and are exerting every energy to make the services pleasant and profitable.

Profitable Convention.

The Associational Sunday School Convention at the Ebenezer Baptist Church Friday was fairly well attended and the meeting was full of inspiration to all those present. The hard rain in the evening cut down the attendance at night when Rev. Austin B. Conrad made an address. The members of the Ebenezer church extended a generous hospitality to all the visiting delegates.

The officers elected were Rev. I. C. Overman, president, Miss Osa Montgomery, secretary, and Jay C. Smith, treasurer.

Boot-leggin in Brown.

The ire of the law abiding and temperance people of Nashville, this state, has been aroused again by the operation of a "blind tiger" and of a "walking saloon." At Belmont, a little village seven miles southwest of Nashville there is a "blind tiger" saloon, operated in the rear of a blacksmith shop. The "wet goods" come from Bloomington. At a recent ball game in Belmont boys from the age of fifteen to twenty-one years became intoxicated and almost every day one can find "wet goods" in Nashville, though no licensed saloon is permitted in the town.

Unfortunate Accident.

Friday afternoon Louis Aufenberger an employee of the Band Saw Mill, met with an unfortunate accident. He was running a rip-saw and in some manner his right hand came in contact with this, saw. The fore finger and the little finger were both cut off and the other two were more or less injured. Mr. Aufenberger was taken to Dr. Shield's office where the wounds were dressed.

Splendid Entertainment.

The entertainment given last night by the Young Ladies' Society of the German Lutheran Church at the school hall was patronized by a very large crowd and the program was excellent, one of the special features being the broom drill.

Offer Reward.

Citizens of Waymansville have offered a \$200 reward for the capture and conviction of the parties who robbed Vonstrohe's store at Waymansville Friday night. There is little hope of capturing them now.

Farewell Dance.

About fifteen couples attended the dance at the Armory Hall last night given as a farewell to Mr. Theodore Turner, who leaves Sunday morning for Culver, Indiana, where he will attend the Culver Military Academy. Mr. Turner has held a position as assistant in the Blush Milling Company office for the past six months, having come here from his home at New York. During his stay here he has won a large number of friends, who regret his departure. The dance given in his honor proved an unusually pleasant evening, music being furnished by Eudaly and French.
